lingreference.org

Joseph V. Casillas

April 29 2014

Overview

Goals

- Translate linguistic terminology in Romance languages.
- Provide community forum for consulting/suggesting/discussing translation
- Made by end-user for end-user (i.e. linguists)

The interface

KISS

- Minimalist design
- Intuitive
- Accesible from mobile devices

Database

How it works

1. User submission
2. Staging
3. Revision
4. Inclusion

Searching

1. Query sent to database through PHP
2. Database searched for 'x' term
3. Result sent back to webpage through PHP
